'We have been really impressed with MJP.  
Their service levels are good, but the real difference for us is the system.  
The customer is always kept up to date. The whole process is streamlined  
and much more efficient than other portals.'

Mortgage Manager, Miles Rhodes, 2018

'In 2018 MJP handled a sale and purchase for me with such professionalism that I have  
absolutely no trouble in recommending their services to both friends and clients, every one  
of which has had nothing but positive feedback to give. They are an absolutely fantastic  
firm, and hold all of the qualities you'd want to see in Solicitors - responsive, competent,  
accountable, and fantastic 'plain English' communicators.'

Associate, PIA Financial Group, 2019

'I have used you before and will do so again. Your client portal is exceptional  
as is the speed of responding to messages. First class service at a keen price.'

K Nicholls, 2019
